

BOARDROOM-READY · PRIVACY, REGULATORY, COMPLIANCE · 2026

Legal layouts — finalists.

Six anchors. Two to three variants each. The rest left on the cutting room floor.

WHAT SURVIVED THE CUT

Each anchor ships the strongest variant plus the complements that cover a different content rhythm — never duplicates.

Seventeen variants total instead of thirty. Every kept layout earns its place by serving a content job no sibling can do. The candidate deck (40 slides) walked all 30; this deck (26 slides) is what graduates into the gallery if you agree.

ANCHOR 01 · FEDERAL / STATE / LOCAL

Children's data — three jurisdictions, three obligations.

FEDERAL

15 U.S.C. §6501 · COPPA

STATE

Enforced 2023

LOCAL

Bias-audit obligation for AEDTs used in employment decisions.

Annual audit + candidate notice + public summary.

Effective 2023

When the room wants three parallel facts at a glance.

Federal floor → State adds opt-in → Local adds audit duty.

When the relationship between tiers is the point — not parallel facts.

**The verbatim regulation, in plain

What counts as "personal information" under CCPA.

Cal. Civ. Code §1798.140(o) · CCPA/CPRA

KEY INSIGHT

"Personal information" means information that identifies, relates to, describes, is reasonably capable of being associated with, or could reasonably be linked, directly or indirectly, with a particular consumer or household.

In plain English: any data tied to a household or device, not just a named person — IP addresses, cookie IDs, and device fingerprints are all in scope.

WHAT WE MUST DO

Treat household-level identifiers as PI in our notice, retention, and DSAR workflows. Audit pixel and tag inventory next quarter.

"Personal information" includes the household, not just the person.

ANCHOR 05 · TEXTUAL DIFF

What changed in the text we live by?

SB-362 rewrote the opt-out link rule.

Cal. Civ. Code §1798.135 · amendment SB-362 (2024)

KEY INSIGHT

A business that ~~collects~~ **collects, sells, or shares** consumers' personal information shall provide ~~two or more~~ **at least one** designated method for submitting requests to opt-out, **including, at minimum, a clear and conspicuous link on the homepage titled "Your Privacy Choices,"** for use by consumers to ~~opt out of the sale of~~ **direct the business not to sell or share** their personal information.

why this matters SB-362 collapses "sale" and "sharing" into one duty and pins a uniform link title — homepage chrome and DSAR workflows both need a uniform UX.

Cal. Civ. Code §1798.135 · amendment SB-362

KEY INSIGHT

A business that ~~collects~~ **collects, sells, or shares** ¹ consumers' personal information shall provide ~~two or more~~ **at least one** ² designated method for submitting requests to opt-out, **including a homepage link titled "Your Privacy Choices,"** ³ for use by consumers to opt out.

- 1 scope** Sale and sharing now both trigger the opt-out duty — even free programs are in.
- 2 floor** Two-channel minimum drops to one; a homepage link plus a portal is now sufficient.
- 3 chrome** The literal link title is now mandated — uniform branding across the web.

SB-362 — old, new, and why it changed.

Cal. Civ. Code §1798.135 · amendment SB-362

WHY

What this finalist set delivers.

- 01 Six anchors, 17 variants. The 13 that were dropped served no rhythm a sibling didn't already cover.

- 02 Every kept variant earns its place by doing a job no sibling can do — parallel facts vs cascade vs depth; default vs hero; glyph density vs heat vs prose; changelog vs chronology vs priority.

- 03 Pin-cite typography everywhere; plain-English body keeps boardroom altitude.

- 04 No new transforms — pure CSS composable with existing modifiers.
