QUARTERLY REVIEW COMPLETE COMPLIANT AUDIT COMMITTEE

Source · regulatory register · weekly export

Every growth lever moved forward this year, in the cut of the data we are showing.

The number behind the quarter, and the one in every headline slide.

\$420M

Annual recurring revenue

First quarter past the \$400M threshold; up 28% year-over-year and ahead of the FY26 plan by \$18M, which is the figure we will quote until it stops flattering us.

When NOT to reach for kpi.

Decorative pills without status semantics.

The pills read as status, not trends. Status is assigned by each KPI's row position within the modifier — the engine never reads the pill text — so reserve them for the

On plan, At risk, Breaching, Compliant, Remediating

). Arbitrary labels land a colour that has nothing to do with the metric.

More than four KPIs in attention or spotlight.

attention

spotlight

highlights the metric that needs the room; monumentalises one number. Past four KPIs the visual hierarchy collapses — split into two slides.

No targets, no trends.

If the KPIs carry only current values, the slide is a stats row, not a kpi dashboard. Use stats and reclaim the room.

RELATED COMPONENTS

See also.

- `stats` — metric row without targets or status pills
- `big-number` — a single number is the whole argument
- `split-panel` — one KPI with a paragraph of supporting prose
- `progress` — completion percentages across parallel workstreams
- `timeline-list` — milestones in time, not metrics at a moment
